

CAMBODIA

VOLUNTEER WITH ICF CAMBODIA

Our mission is to spread the gospel and break the cycle of poverty in Cambodia. Our team is a mixture of passionate local staff and international volunteers, who want to use their time, skills and talents to serve the Cambodian people.

ICF Cambodia relies on international volunteers who are willing to learn from a different culture and bring their personal expertise to support and teach our local staff. A commitment like this in a developing country will cause you to see the world in a different way and will also have a deep impact on your personal life. With your skills, experience, and faith you can empower others to grow and change their future in a sustainable way.
